- FEES (Federation of European Ergonomics Societies)
- IEA (International Ergonomics Association)
 - 28-29 October 2025 Council meeting in Beijing
 - TECHNICAL COMMITTEES (TCs) SIGN UP SHEET
 - The IEA Technical Committees (TCs) are seeking to expand their membership and invite new members from federated societies. To facilitate this, we have created a sign-up form that provides an overview of the role of Technical Committees, including their four primary functions. By completing the form, you can express your interest in joining up to two TCs. Once submitted, TC administrators will review your submission and reach out for further details.
 - Sign-up form for Technical Committees: <https://forms.gle/mMpZ9V9PhBGHPBHQ6>
 - Joining a TC is free and there are no qualifying criteria (just that you are a member of a federated society) to join and to participate. You can also join more than one TC if your interests are broader. A list of the TCs can be found on the IEA's website:
 - <https://iea.cc/leadership/technical-committees/>.

Publications / Publicaties

- **EU-OSHA : FIOH: Latest research results on remote and hybrid work in Finland**
 - o Remote work and working on premises have become seamlessly integrated in the work life of most Finnish experts. However, the greatest risk of hybrid work is people becoming lost in . It is important to identify and support those who opt to work entirely remotely and do not actively participate in the work community. Leadership, promoting employee engagement and paying attention to working conditions both at home and in the office are of key importance from the perspective of well-being at work and productivity.
